**Mission:** Early childhood education is America’s most important profession. Educators help young children to be successful in their own lives and to contribute to the more just and free society all Americans strive for – a society where every person has equal opportunity to achieve her or his inherent potential.

I developed Guidestar Attendance Service to significantly reduce administrative effort and free up staff time to work with the children, teachers, and parents. Each repurposed hour improves the quality of early childhood education.

Guidestar Attendance is a subscription service of Guidestar Forms, LLC, Silver Spring, Maryland 20902, USA.
